MORE OPTIMISTIC FEELING

Bulgarians Feel Pleased With Attitude
of Powers—Situation Better
Than for Weeks.

Sofia, Bulgaria, Sept. 18.—A distinctly optimistic tone now pervades government and diplomatic circles here and hopes are again expressed that war may after all be averted. From London and Constantinople encouraging news has been received. From London it is reported that the British government will send a fleet to Turkish waters, while reports from Constantinople state that Great Britain France and Italy have intervened to prevent the continuance of massacres in Macedonia.

It is said that yesterday the representatives of these powers notified the Sultan of their dissatisfaction with the methods of suppressing the outbreak and declared that the massacres must be stopped. It is stated that they made special reference to the excesses committed by the Turkish troops in the village of Uskub where the revolutionary outbreak is insignificant and affords no excuse to the soldiers for pillaging and burning the villages and killing the inhabitants.

The Porte is said to have replied that Turkey is simply carrying out the wishes expressed by the powers which urged the Sultan's government to adopt energetic measures to suppress the revolution as speedily as possible. The report that these powers have taken such action has been received with great satisfaction by the Bulgarian ministry.

CRUSHED BY TRAIN.

Joseph Yandow of Burlington Killed at
Winoski.

Burlington, Sept. 19.—A fatal accident occurred last night in the lower freight yard at Winoski, when Joseph Yandow of Burlington, formerly of Winoski, was killed by one of the late evening trains. The body was discovered by some men returning from the show, but just at what time the accident occurred is not known. It is thought that the man had been dead at least two or three hours when found as the body was cold.

SUBSTITUTE FOR SUGAR.

New Plant of Remarkable Sweetening
Qualities.

The agricultural department at Washington is inquiring into the statement of Consul General Richard Guenther that a new plant has been discovered in South America which promises to supplant the sugar cane and the sugar beet, says the New York Times. Scientifically the plant is known as the Eupatorium rebandum, and it contains a large amount of saccharine matter and a high percentage of natural sugar properties which are easy to extract.

According to Mr. Guenther, a lump the size of a pea will sufficiently sweeten a cup of coffee, as the product made from the plant is from twenty to thirty times sweeter than cane or beet sugar. It is said to be easily cultivated in countries having climatic conditions similar to those of the southern portion of the United States.

Medals For King Victor Emmanuel.

Victor Emmanuel, king of Italy, will pay his postponed visit to Paris between Oct. 12 and 16 next, says the New York Commercial Advertiser. Great preparations are being made for his coming. As he is well known to be an enthusiast in numismatics, fifty five medals will be presented to him. Some of these are of great historic value, ranging from the days of Richelieu to those of Carnot, Fauré and Loubet. A few of them commemorate happenings in Italy, such as the restoration of Venice. A special medal will be struck in his honor.

New Appeal to Alpine Tourists.

The Swiss Alpine society has been trying for some time to persuade all guides to insure their lives, but with only partial success. It now appeals to all tourists to engage only such guides as are insured, in order to prevent the wretchedness caused by the death of uninsured guides who have a family to support.

Japs as Rice Eaters.

Not Chinese, but Japanese, are the greatest rice eaters. Each Jap eats on an average 300 pounds of rice in the course of a year.

Finger Nails.

Lemon acts on the finger nails with a wonderful effect. It seems to polish them, at the same time softening the skin around them marvelously and removing any traces of ink, fruit or stain. Brushing is said to roughen the nails, and the brush should be used only when necessary.

NON-UNION STONE CUTTERS.

Said to Be Employed With Union Men in
Connecticut.

Westerly, R. I., Sept. 18.—The union stone cutters engaged in cutting stone for the Plant mansion at Eastern Point, Conn., are somewhat agitated over the hiring of ten non-union stone cutters to cut stone for a stone wall. The union men are employed by Norcross Bros. Co., and on remonstrating against the hiring of the others found they could do nothing as the non-union men were employed by T. W. Head, who was building the wall under a separate contract.

At a meeting of the Stone Cutters union in New London Wednesday night it was decided to write to the headquarters of the International Stone Cutters union at Washington, for instructions as to a mode of procedure, as it is feared that an attempt will be made to replace all of the union stonecutters employed on the Plant estate with non-union men.

The union men said that Labor Contractor George Cuzzo has offered to furnish all of the contractors with stone cutters who would work for \$2. They say that the union stone masons refuse to handle the stone cut by non-union men, and were placed on other work in order to avoid a strike. Since then the wall has been built by non-union masons.

The stone cutters say their action in conferring with their headquarters is to prepare for an attempt that may be made to replace them with non-union men.

THE BALKAN TROUBLE.

Why Judge Batchelder Regards Case
of Bulgarians as Hopeless.

Judge George S. Batchelder, who continues to call Saratoga "home" despite fifteen years of official residence in the orient, halted long enough at the Fifth Avenue hotel, in New York, to prepare for his passage on the Deutschland, outbound to his present post of duty at Alexandria, Egypt, says the New York Tribune. He was advanced by President Roosevelt in 1902 to his present place as a member of the supreme court of appeals of the international tribunal. Speaking of the disorders that now so deeply involve Bulgaria, he said: "Of course, I sympathize with the Bulgarians. There is the same struggle for the Cubans waged for liberty, but it is a hopeless struggle. The Bulgarians lack numerical strength, they lack organization and lack both the money and munitions of war necessary to cope with Turkey, which has a large army, well organized by the Germans. The Bulgarians can only carry on a guerrilla warfare and can make a lot of trouble for the Turks while also making much for themselves. The conflict will soon burn itself out, for the reason that it is not to the interest of the powers to contribute to the disintegration of the Turkish empire. It is especially the interest of England and Austria to have Turkey stand as a barrier to Russian expansion toward the Mediterranean."

"Much is said of the cruelties that are practiced and in this connection it should be understood that the eastern peoples have not been trained in the amenities of modern warfare. The Bulgarians, described in general terms, are Greek Christians. They are not pagans, but Unitarians. They believe in one God and regard Christ as a divine personage—a teacher and a prophet. They are held together by the ties of mutual hardships experienced in their daily lives and in their religious sympathies. The Turks are bound together by interest and religion. No such thing as patriotism exists among Turks. It is my observation, however, that Mahomedans are more tolerant than Christians under similar conditions of provocation. I consider that the Beirut matter was purely a local affair, in which we are not called upon to interfere any more than might some foreign power if a riot developed in one of our city streets. The general feeling and inclination of western Christian peoples that they should interfere in Mahomedan affairs is, in my judgment, unjustifiable and unnecessary. It is not our business and is out of our sphere."

Bristol Insurance Agent Left Bad
Paper Behind Him—Also
Borrowed \$175.

Bristol, Sept. 18.—The rumors that have been about the past week in regard to the disappearance of Henry G. Mullings, culminated late Thursday night in the acknowledgment that the Vergennes National bank held \$1,700 worth of notes purporting to be signed by Bristol parties, which are claimed to be forgeries, perpetrated by Mullings. The names of the parties used are N. Hill, Thomas Leonard, E. J. Bristol, B. A. Atkins, B. C. Sargent, Patrick O'Neil and Dr. A. M. Norton. Bristol & Hewlett are losers by \$175 money loaned.

Mullings began work here for D. E. Meader about 15 years ago. He has been in the employ of B. C. Sargent and Stewart & Hiler as delivery clerk. While with the latter firm he was caught taking the firm's money and had to return \$400, which was settled by a relative. For several years he has been in the employ of the National Life Insurance Co. and did a large business.

He leaves a wife and three children.

DISMISSED FROM FIRE DEPT.

Rutland Man Interfered With a Police-
man.

Rutland, Sept. 18.—The case of Frank H. Smith, who has just been dismissed from the Rutland Fire department on account of his misdeeds, shows that there exists a rather aliphed method of doing business among the members of the board of aldermen who have charge of the affairs of the department.

On July 16 Wood was arrested for interfering with one of the city's patrolmen who was trying to arrest a disturber of the peace and at that time it was supposed that Wood would be immediately removed from the fire department, where he had been serving as a permanent fireman after the death of John H. Corey. There was a general demand for action of this kind but to the surprise of everybody Wood was kept at work.

Dr. Mead of Rutland Didn't Know He
Was Mentioned.

Rutland, Sept. 18.—Dr. John A. Mead, president of the Howe Scale Co., returned last evening from a four weeks' business trip to the state of Washington and to Alaska.

Dr. Mead, when asked about the matter of his candidacy for the lieutenant governorship of Vermont, said that he had not heard anything about it until this morning and that it was an entire surprise to him.

He thought that it was too early to discuss state politics and would not state whether he would be a candidate for the second place on the state ticket or not.

EXPENSIVE PREJUDICE.

Burlington Man's Feelings Brought Him
Into Trouble.

Burlington, Sept. 18.—W. R. Walker, who recently had a row with Jack Powers at the Sherwood House over the status of negroes in general and of Percy Ennis in particular, was in court yesterday and entered a nolle contendere plea.

A statement of the affair at the Sherwood House was made by Grand Juror Sherman and by Attorneys Shaw and Brown from which it appeared that Powers was the aggressor and that Walker had defended himself with a knife. He was fined \$100.

A Novel Weapon of Defence.

Rutland, Sept. 18.—An interesting feature developed in Rutland county court today in connection with the trial of the trespass suit of D. V. Gilma vs. Louis Martel, brought to recover damages for the plaintiff's forcible ejection from the Star pharmacy in this city last April. The defendant showed a large syringe loaded and found at the pharmacy and it is alleged that it was kept for the purpose of keeping off intruders.

HIS INJURIES
WERE FATALC. C. Cheney of Wash-
ington is Dead.

WAS GORED BY A BULL

Received Terrible Wounds Wednesday
Afternoon Which Resulted
Fatally this Morning.

Washington, Sept. 19.—Cutting C. Cheney, the elderly gentleman who was gored by a bull, the property of G. H. Bigelow, died from his injuries and the shock this morning at 1.30 o'clock. After Dr. Minard of this place and Dr. C. M. Chandler of Montpelier had made an examination of his injuries it hardly seemed possible that he could recover, seven ribs being broken and one penetrating the lungs, while a gash on the right side of the skull required 13 stitches.

The deceased was 82 years old, which was against his recovery, but in spite of his advanced years his health was still quite rugged. He leaves four daughters and one son, the latter, Orville Cheney, residing in Barre. The daughters are Mrs. G. H. Bigelow, Mrs. Eleanor Smith and Mrs. W. E. Worthington of this place and Mrs. Clayton Bigelow of Montpelier.

Mr. Cheney was one of the prominent citizens of Washington, having been, in his younger days, foremost in town affairs. He was a Republican candidate for the legislature eight years ago. He was a prosperous farmer.

B. W. Hooker of Barre was called to take charge of the burial arrangements.

The animal which gored Mr. Cheney was a yearling and was considered gentle. Mr. Bigelow, his owner, had always handled him and had never seen the first signs that the animal was cross. Will Cook, who works for Mr. Bigelow, rescued the man from the bull, having to make two attempts before he got him out of reach of the infuriated animal.

The funeral will be held Monday at one o'clock from the house.

Woodstock Violator of Liquor Law Comes
to Grief.

Woodstock, Sept. 18.—Jack Straw, who lives on Church Hill, was arrested last evening by Sheriff E. A. Thomas, under section 79 of the local option law, on the charge of bringing intoxicating liquor into the town of Woodstock, in which no license is authorized, with intent to sell the same or have it sold in violation of the law.

He was taken before Justice E. W. Prior and on pleading guilty he was fined \$100 and costs of \$13.94, which he paid and then was discharged. State's Attorney H. H. Blanchard presented the case.

A package of 30 pints came by express and was put on the Bridgewater stage with orders to take it to Eugene Smith's place, but Straw being suspicious took his time, met the stage this side, took the box, opened it, put the bottles in a bag and started for home. He was met by the sheriff, who was looking for him and was taken in charge. The liquor was turned down a sink spout in the presence of a justice. After the trial it is said that Mr. Straw has made money at the business under this law and also under prohibition, and that he boasted of having \$150 in the bank made from it besides being able to dress well, etc. It is proposed to break up the business and a heavier fine will be imposed on the next offence.

FIRST GAME
A VICTORYGoddard Easily Defeated
Brigham.

FINAL SCORE WAS 38 TO 0

Local Foot Ball Team Showed Up
Strongly and Gives Good Prom-
ise for Season.

Goddard seminary opened its foot ball season yesterday afternoon with Brigham academy of Bakersfield and easily defeated them by a score of 38 to 0.

The home team showed up remarkably well for a team which has had only ten days of good practice. This bespeaks the best praise for Coach Cannell who is without doubt the best foot ball coach Goddard has ever had.

The visitors were no match for Goddard from the start, they being very weak at the tackles and their backs were fearfully slow in starting with the ball. Bakersfield had the ball in their possession only three or four times during the game and when they had it usually lost again on fumbles.

There was a good crowd in attendance which seemed well pleased with the work of the home team. The team work of Goddard was very good. The line showed up strongly and the backs were remarkably fast with the ball for the first game, and played with only two fumbles. Berry at quarter back did good work and Milne, right half, and Dunham, left half, played an excellent game.

The visitors started the game by kicking off to White who advanced for a good gain. Dunham was sent around the end for a 25 yd. gain, carrying the ball to the 25 yard line and Milne carried it over the line in the next rush. Milne kicked goal, the first touch down being made in three minutes after the game started.

The first half ended 21 to 0 and 17 more scores were added in the last half.

The touchdowns were made by Berry, Dunham, Milne and Phillips. The new rule of the tackle rushing the ball seemed to puzzle the visitors and Goddard worked it successfully several times.

In the latter part of the last half several substitutes were put in who did good work.

The line up of the two teams is as follows:

Goddard.	R. E.	B. A.
Turner	R. T.	Derzall
Benjamin	R. G.	Kerley
Thurber	C.	Clark
Clark	L. G.	B. Dow
